EDUCATIONAL LOAN COMMITTEE

Jeanne Krenk – Chairperson

Did you know that there are 1,693 public post-secondary institutions in the United States and 2,583 private colleges and universities. The average price of college has grown much faster than the rate of inflation. According to the U. S. Department of Education, the cost of a college education has risen 268% since 1977 for a four-year public institution and 248% for a private college or university. In the year 2011-2012, 44% of post-secondary students in America are attending a four-year public college or university where the average tuition is at least \$9,000 a year. For the 28% that are attending private institutions, the average cost is \$36,000 a year. These costs do not include housing, food, books, supplies and miscellaneous expenses. It's not difficult to see that higher education costs can be a strain on many family budgets, especially during times of economic stress but our Eastern Star family can help! If each Chapter would take the time to inform your members and their families that there is an Eastern Star Educational Loan Fund, we could help many of our high school graduates to attain their dreams of a purposeful post-secondary education and assist them in building a better life for their tomorrows but it takes all of us working together to get the word out! The purpose of the Educational Loan Committee is to help provide student loans for Eastern Star members, their relatives and legal wards. These loans can provide assistance with expenses at the vocational, undergraduate and/or graduate levels. Here are some facts to help you get started:

- ❖ The applicant must be at least 18 years of age or a high school graduate.
- ❖ Applicants will be required to sign a note for the loan and will be asked to obtain a co-signer, preferably a parent or legal guardian.
- ❖ Loans are made for a period not to exceed 4 years and may be renewed when due, if necessary, or repaid by installment payments.
- ❖ Interest is charged at the rate of 4% per year, and the interest must be paid annually on the loan.
- ❖ The total amount that can be borrowed is \$17,600, for not more than 4 years.
- ❖ A student may borrow up to \$2,200 per semester for vocational education, undergraduate or postgraduate work.
- ❖ The amount loaned will be contingent upon the availability of funds and applications must be submitted each year.

We make a living by what we get. We make a life by what we give. (W. Churchill) Think about how many promising futures we can build through the Order of the Eastern Star! Information is available at the www.neoes.org website (applications are available on line) or you can obtain information from you Chapter Secretary!
