

MAXIMIZE COMMUNICATIONS

“In many ways, effective communication begins with mutual respect, communication that inspires, encourages others to do their best.” Zig Ziglar

“The single biggest problem in communication is the illusion that it has taken place.”
George Bernard Shaw

Time, energy, thought and resources go into every communication that is created but their benefits cannot be realized if the informations and energy is not shared.

- ★ How can Grand Chapter boost the effectiveness of communications?
- ★ What can your District Grand Supervisors do to assist your chapter?
Your Supervisors are appointed for the entire calendar year, hopefully our public health crisis will improve and she can visit your chapter in person.

Communicating with each other and to our world:

- ★ Chapters' communication with their members.
 - **Increase** WM contact with members – make them feel as important as they are
 - **Increase** member to member communication, especially during this uncertain time of the pandemic and public health crisis.
 - What's going on in their lives?
 - Example: Do they need support or assistance with registering for vaccine.
- ★ Chapter's communication with and increased awareness with their communities.
 - What special events are the Chapters involved with?
 - Do they assist with a community event that you help with?
 - How can the Chapter increase community awareness with activities, service, etc.?
 - If they haven't been involved before, is there a community event they could become a part of?
 - Is there an opportunity for you to introduce them to OES StarDogs charity?

Thank you!
